Patient Informed Consent

James P. Thomas, M.D. has explained to me the procedure of **vocal cord collagen injection** in general terms.

I understand there may be alternative procedures or treatments such as Teflon injection, gelfoam injection, medialization of the vocal cord with silastic or GoreTex implants.

I understand the risks of the procedure may include but are not limited to soreness, shortness of breath, infection, allergic reaction or incomplete recovery of voice.

I am satisfied with the explanation and have had the opportunity for a more detailed explanation by Dr. Thomas. Questions were answered to my satisfaction. I consent to the procedure.

I understand that medical students or physicians may assist or observe in the procedure.
